

STUNNING BRAND NEW PONTOON IN BIRKDALE IMPRESSES CUSTOMER

Mr Vic Jones contacted The Jetty Specialist when he was looking to install a private pontoon as part of his canal home. Mr Jones has a boat and was keen to enjoy his positioning on the canal with 24hour access to his boat and all of the pleasures that come with it.

The client spoke very highly of all aspects of the work carried out by The Jetty Specialist team. Mr Jones said he could not fault the attitude and professionalism of anyone that was involved in this project.

He said that the team at The Jetty Specialist were vigilant in everything they did so as to minimize any disruption. Once the project was complete they cleaned up everything, leaving no trace that they had even been there – apart from a stunning brand new pontoon!

Mr Jones told us, “I am an engineer and not easily impressed, but I was extremely happy with all of the work that was carried out by The Jetty Specialist”. He went on to explain,

“The team on site were fantastic and most importantly they were all prepared to talk to me about what they were doing, explain why certain things were being done and kept me informed every step of the way”.

“There were some external issues with the council and other governing bodies, which was rather frustrating however, as soon as The Jetty Specialist were involved all issues were resolved without me having to worry about a single one of them. The Jetty Specialist team just took responsibility of any external issues and really made my experience stress free. I was very impressed with how they dealt with the council issues and I didn't have to worry”.

Mr Jones went on to say that his new pontoon has no doubt improved his experience and enjoyment of his boat. The pontoon is structurally very sound, gives him great access to the canal and he would have no hesitation in recommending The Jetty Specialist to others.
