

DEPARTMENT CHOOSES THE JETTY SPECIALIST FOR THEIR EXPERIENCE IN DESIGN AND DELIVERY OF PONTOON SYSTEMS

Transport and Main Roads have used The Jetty Specialist on many of their projects. The Jetty Specialist are chosen primarily for their experience in design and delivery of pontoon systems and their familiarity with the marine environment, factors which are extremely important when considering how to provide long lasting, value-for-money solutions.

A spokesperson from Transport and Main Roads said, "The team at The Jetty Specialist are very approachable and have good knowledge of their product. They are proud about what they do and look at every opportunity to improve on their past performance and are open to feedback".

Transport and Main Roads went on to say about compliance "When we experienced problems, which were very infrequent, they were always dealt with

in a timely manner. The Jetty Specialist are aware of their contractual obligations and are proactive in order to meet compliance".

The quality of finished projects is described by department members as always of a very high standard, which is why The Jetty Specialist are one of the department's preferred contractors. The Jetty Specialist has been working with Transport and Main Roads for over 10 years and they have had the benefit of learning from project to project to improve on each of the installations and the manner in which it was delivered.

Transport and Main Roads stated that they would continue to use The Jetty Specialist and would be happy to recommend them to other State Agencies looking for competent contractors to undertake marine works.

PROJECT EXAMPLES:

BARGE MOORING DOLPHINS, TORRES STRAITS.

FERRY PONTOON FACILITY AT DUNWICH, NORTH STRADBROKE ISLAND.

BOAT RAMP AND FLOATING WALKWAY, GLADSTONE.

SCOPE OF WORK:

THE ABOVE THREE PROJECTS ARE EXAMPLES OF THE TYPES OF PROJECTS THE JETTY SPECIALIST HAS DELIVERED FOR TRANSPORT AND MAIN ROADS OVER RECENT YEARS. THE JETTY SPECIALIST HAS PREDOMINANTLY DELIVERED PONTOON AND FLOATING WALKWAY PROJECTS FOR THE DEPARTMENT. THEY HAVE ALSO PROVIDED SERVICES IN THE DELIVERY OF NAVIGATION AIDS AND BOAT RAMP CONSTRUCTION
