PROJECT TITLE
Wivenhoe Dam Water Intake

PRINCIPAL
Clough Diversified JV

LOCATION
Wivenhoe Dam

VALUE
$2,600,000 ex GST

DESCRIPTION
Design and construct water intake jetty with piling in over 20m of water depth and into 80-100mpa rock. Included 45m single-span jetty with vehicular access for maintenance and operation.

Project design and planning considered complex environmental factors and stringent site access constraints.

SCOPE/AREAS OF BUSINESS
- Design and Engineering
- Piling
- Mining and Infrastructure

PROJECT PROFILE
Wivenhoe Dam Water Intake
